

FABRIC

Stat-X is a lightweight, air permeable, polyester based fabric designed for electrically-sensitive environments. It includes ESD (Electro Static Dissipative) yarns woven in a grid pattern approximately 1/4" x 1/4" to dissipate static buildup.

- Commonly used alternative to exposed single wall duct/diffusers
- Air is able to pass through the fabric with the airflow rate controlled by the fabric weave and the internal static pressure
- Airflow can be delivered exclusively through the porous fabric or can be combined with various venting options to achieve desired airflow
- Dissipates static buildup
- Machine washable

SPECIFICATIONS

Weave:	Fire Retardant Polyester Interwoven ESD Yarns
Weight:	2.9 oz/yd ² (98g/m ²)
Porosity:	2.5 CFM/ft ² @ 0.5" w.g (12.7 L/s/m ² @ 125Pa)
Codes:	Classified by Underwriters Laboratories in accordance with the requirements of:

- NFPA 90A
- UL 2518
- UL-C (Canada)

COLOR OPTIONS

* Note: Colors may vary. No two dye lots are the exact same color.
